APPROVAL OF 11/16/23 MEETING MINUTES:

The motion was made by Jon Hardie and seconded by Drew Wade, to approve the November 16, 2023, meeting minutes. The motion was unanimously approved as presented.

DIRECTOR'S REPORT:

Traci provided an overview of the work being undertaken at the Virginia Career Works Lynchburg Center and presented an overview of state and federally measured performance metrics. Traci said the numbers are very promising and, in most cases, have met or exceeded expectations, despite a \$200,000 budget cut. Jon Hardie asked whether the presented numbers could be broken down by locality to better understand the allocation of funds. Traci will provide these reports.

Traci also highlighted upcoming opportunities to collaborate with educators, including the Worlds of Opportunity Career Expo for 7th and 8th grade students on October 14-15. During this event at Central Virginia Community College, students will have the chance to interact with local employers, offering them valuable exposure to potential future career opportunities.

Additionally, Traci noted that the Virginia Career Works Central Virginia Business Services Team has been actively connecting qualified candidates with local employers. They continue to organize job fairs and hiring events and are exploring ways to extend these opportunities to other localities, including using local libraries as venues.

APPROVAL OF WORKFORCE DEVELOPMENT BOARD BUDGETS

a. Approval of PY24 Workforce Development Board Budget Council members reviewed the proposed Workforce Development Board Budget as presented. Sandy explained that after meticulous review of the numbers they are still about \$50,000 over. They have looked at cutting cost and have spoken with vendors to keep costs at current rate. Sandy presented the May monthly report for the members to use as a comparison between this current project year and the proposed budget. Traci advised that some expenses will be cut due to a staff position remaining vacant. Nat Marshall added that there has been a 4 to 5 percent cut for funding across the board for all Local Workforce Development Areas in Virginia.

With no further comments or discussion, a motion to approve the budget as presented was made by John Hinkle and seconded by Drew Wade. The budget was unanimously approved.

b. Authorize CLEO chair to sign PY24 Workforce Center IFA

Traci provided a brief overview of the cost infrastructure funding agreement (IFA) process. She explained that, with the one-stop center budget not yet complete, the IFA would need to be signed and authorized by the council members. Traci requested approval for the chair of the CLEO council to execute the PY24 Workforce Center IFA document on behalf of the board, once the IFA is completed.

There being no questions or comments, a motion to approve was presented by Jon Hardie and seconded by Drew Wade. The IFA execution was unanimously approved.

APPROVAL OF WORKFORCE DEVELOPMENT BOARD MEMBERS:

Traci reviewed the slate of proposed new and reappointed Central Virginia Workforce Development Board (CVWDB) Members. The following individuals were presented for consideration:

James Davis (Alternate to Bryan Lyttle)

Sherie Fulcher, Apprenticeship Coordinator, Southern Air, Inc. (Registered Apprenticeship Representative)

Leidra McQueen (Community Based Organization Representative)

Jeff Spaeth (Business Representative)

Michael Hertzler (Business Representative - Reappointment)

Christian Wiscovitch (TitleIV/VDARS Representative - Reappointment).

There being no questions or comments, a motion to approve the proposed new and reappointed board members as presented was made by Drew Wade and seconded by John Hinkle. The motion was unanimously approved.

The board member slate will be sent to Richmond for approval by the Governor through a board certification process.

LOCAL BUSINESS ENGAGEMENT:

Tim provided the board with a list of 130 local businesses that have been touched by the Central Virginia Business Services Team over the last year. Tim said the Business Services Team is a great tool to educate employers about the services we offer to help connect them with potential candidates. Tim explained that, once each quarter, the team visits businesses to make connections. The team learns the history of the company and their goals. The team then tries to align with the goals of the business. Contact information for every team member is shared with the business(es) for future reference.

Tim restated how excited everyone is to be having the community coordinated events, but like Traci mentioned, really want to branch out with other localities to host some job events. Nat Marshall asked if these opportunities were open to the public. Yes, they are.

Tim provided an overview of the workforce board's Incumbent Worker Training program. This is available to support upskilling of existing employees within a company that may need additional equipment, training or a new skill set. There is a line item within the workforce budget that assists with this.

LOCAL BUSINESS ENGAGEMENT - continued

Tim shared a breakdown from the last program year to show the companies that had been assisted through this program. Jon Hardie asked about follow-through, to see who is providing the training. Tim stated that, as a requirement, a training syllabus must be provided before the request is approved.

Tim briefly discussed a recent layoff at the University of Lynchburg. The Business Services Team executed a Rapid Response effort to contact all the dislocated employees, to inform them about the services available to support their job search and reemployment. The team is looking for a date to host a hiring event for impacted workers. Nat Marshall asked if the team had an idea of how many employees would show up for the event. Traci said it's hard to know how many people might show up from University of Lynchburg, but that the hiring event would be marketed broadly to all job seekers.

OTHER BUSINESS:

No further business was discussed.

ADJOURNMENT:

There being no further business, a motion to adjourn was made by John Hinkle and seconded by Jon Hardie. The motion was unanimously approved, and the meeting was adjourned at 4:46 PM.

List each partner's programs providing service through Virginia's Career Works Center: If the allocation is for a Comprehensive Center, at minimum, all partner programs as required by the Virginia Combined State Plan must be included.

-Once program is inserted in Column A row within table above, the balance of the spreadsheets will be automatically populated with the program name information. The balance of the spreadsheets should be formated appropriately to display the information.

Square Foot Occupied is the sum of the floor area of each office, work station, or other room or space that is assigned to or reserved for the use of one or more partners rather than being shared by all.

OF POSITIONS are the # of staff that each program has dedicated to the One-Stop Center. The # OF POSITIONS are represented in full time position equivalence in relation to 40 hour workweeks. The formula to determine the # to enter is: **# of hours per week that a program staffs the One-Stop Center/40 (full time workweek hours).**

Customers Receiving Service are the # of people served by each program either at, or through the One-Stop Center. Includes customers received by the One-Stop Center who received services from multiple programs. These customers will be counted by each program serving them.
